Re: Pat Hazell's *The Wonder Bread Years*

To Whom It May Concern:

The Victoria Theatre Association presented Pat Hazell's *The Wonder Bread Years* for a three-week run in December 2002 and I certainly would recommend the show to other markets around the country. We presented 21 performances in our 220-seat Loft Theatre to over 90% capacity. Word of mouth was so strong that by the middle of the run, it was nearly impossible to get a ticket.

Pat was energetic and willing to do whatever our Marketing, PR, and Production teams needed to advance the show. The quality of the show was first-rate and with its comic nostalgia, was a great audience pleaser. We presented *The Wonder Bread Years* on a series along with Broadway hits *Dirty Blond* and *Proof*. *Wonder...* added just the right touch of comedy to the series and helped make this our most successful season for this series.

If I can offer any further information please feel free to contact me at any time.

Sincerely,
